

## IMPORTANT – PLEASE READ UPON RECEIPT

Dear Ride-Along Participant:

Thank you and welcome to Rusty Wallace Racing Experience! You can look forward to the experience of a lifetime, so please let us know if there is anything we can do to assist you.

Your ride with one of our race proven professionals will guarantee you a thrill like you have never experienced. You will be racing a couple of feet from the wall and other race cars at speeds approaching 170 mph (speeds are dependent on track size). HOLD ON!!!!

You are going to be riding in a race-proven NASCAR style stock car with over 500 horsepower under the hood!!

Dress comfortably! You may be suiting up in a driver's suit upon your arrival and will be sized for a helmet. Wear closed toed shoes such as tennis shoes. No sandals! You will not be allowed in the Race Cars with open toed shoes. These are real race cars and the floorboard gets VERY hot.

Bring your family and friends. Spectators are always welcome and encouraged. Our professional photographer will take your picture perched on the window frame of your race car and will be available for purchase when your ride of a lifetime is completed.

Refunds are not available for any reason. You may substitute another qualified participant. If for some reason you can't make your scheduled date, you can reschedule your ride for a processing fee, which would be half of your purchase price. Just check our website for a date that works for you and contact our office.

On behalf of everyone here at Rusty Wallace Racing Experience, thank you again! We look forward to sharing your experience of a lifetime with you!

See you at the track,

Your PIT CREW at RWRE

## **\$49 Video Package**

Roof Mounted GoPro video showing 1 camera view just like you see watching NASCAR every week.

\*\*In select Ride Along Cars we have video system's that capture two views, the first looks out the windshield at what the driver sees, the second points at your face in the racecar. The two views are shown simultaneously on the video, so do your best to look cool in the racecar. The video records directly onto an onboard recording system to an SD Card with the Race Keeper Software. You will be able to play your video on your computer with the option to export the video to a file that you can burn to a DVD.

Remember, your video has sound too. Before you start your engine, it will record your words, but once you are out on the track, you will have to shout to be heard over the engine. The instructor's voice on the radio will not be recorded.

Your ride along video will depend on the video system in the car.

We will have a laptop station setup for you to check your video after your race exp. **YOU MUST CHECK IT BEFORE YOU LEAVE THE TRACK.**

If the video did not record properly then you will be refunded right there at the track. **ONCE YOU LEAVE THE TRACK ALL VIDEO SALES ARE FINAL & NO REFUNDS WILL BE ISSUED.**

***We make every effort to ensure that the video equipment works properly, but filming in the racecar can be a very difficult environment, and equipment sometimes fails. If there are any problems, Rusty Wallace Racing Experience's sole responsibility will be to refund any money paid for the video. You will NOT be "comped" an entire experience should your video fail.***

PLEASE GIVE TO FAMILY AND FRIENDS

SPECTATOR INFORMATION

***As you watch your friends or loved ones ride, here are some things you should know:***

- There are multiple Ride-Alongs scheduled each day; please note there may be a wait before your Ride-Along starts.
- The first lap (leaving pit road) is lap #1. This is because the car is up to speed at the end of pit road.
- The cars will sometimes backfire, and that's normal. No student is ever allowed to ride in a car that's not running right. Occasionally a rider will be taken out of a car with that is having a problem and put in another car. We keep track of the time this takes and make sure the rider gets their full amount of laps.
- You may hear an engine "miss" on the straightaway. This is the effect of a device called a "rev limiter" which is used on some tracks to control the car's top speed. If you hear that noise, the pro driver is driving as fast as the car can go.
- Riders always get as much track time as promised. If a car malfunctions, we keep track of how long the car is in the pits for repairs and make sure to add that amount of time to their session when they get back on the track. If something causes us to display the yellow flag and the Ride-Along cars have to slow down, we stop the clock. Riders aren't paying for that time.
- In the event of delays due to rain or other factors, we may "hustle" to do our best to make sure everyone gets their ride before it's too dark or it rains again. However, even though we may be hurrying in some respects, we never cut the sessions short. At Rusty Wallace Racing Experience, everyone gets what he or she paid for. If we cannot get your experience in you will have one calendar year to reschedule.
- If you're wondering what it's like- based on availability we may be able to accommodate walk-ups. If there is availability you're more than welcome to take a Ride-Along with a Professional yourself! It is the Ride of a Lifetime – with a money-back guarantee!! Please see one of our staff members in the registration trailer to get started.
- Some areas of the track are not safe for spectators. Please observe signs and barriers, and cooperate with our staff if asked to move.
- We want you to have a great time, so please let us know if we can do anything to assist you.

## ANSWERS TO SOME OF YOUR QUESTIONS

***\*Do I need any race experience?***

No. Just the need for speed and the desire to ride in a REAL NASCAR racecar.

***\*What types of cars are available?***

Real NASCAR racecars from top NASCAR teams including Chevrolet Monte Carlos, Pontiac Grand Prix, Ford Fusions, Toyota Camrys, Dodge Chargers, and for our Short Track Division, NASCAR style Super Late Models.

***\*Are they real racecars?***

You bet! They've all been raced in competition. (Including one that raced at Daytona in 2010!)

***\*How FAST will I go?***

Real Fast! Speeds at every track are different, but you will be taken at the top speed the car is capable of on that track.

***\*Do I need to bring anything?***

No, we provide everything. You should dress comfortably with a T-shirt that will fit under the driving suit and sneakers. **(NO SANDALS)** Friends and family, cameras and video cameras are encouraged. Sunglasses are recommended.

***\*Do I need a reservation?***

Yes, programs are scheduled in advance.

***\*How old do I have to be?***

Participants for our Ride-Along experience must be 14 years of age or older. You must be accompanied by a parent or legal guardian if you are under 18 years of age.

***\*Do you offer photography or video?***

Yes, we may offer in-car videos and professional photography to remember your day at the track (options can be found at registration at the track). There is an additional charge for these options, when available.

***\*What if it rains?***

We will reschedule you at no cost, but no refunds will be given.

***\*What if I can't make it?***

Please be aware that we have a limited amount of dates at each location. Times are filled on a first come, first serve basis. We will do our best to accommodate your scheduling preference. If you need to re-schedule a booked experience outside of 30 days of your event, you may do so free of charge. In the event you need to re-schedule your experience within 30 days of your event date a re-scheduling fee will apply. The Fee will be equal to half of your purchase price. The one exception is for a documented medical situation which prohibits the customer from participating in the racing experience. **NO REFUNDS FOR ANY REASON. Prices subject to change without notice.**
